11. This is your Dashboard. You can use this to manage your project. To start the bibliography, click References.

13. This is a Quick Help page; it shows you what each material type looks like and where you might find bibliographic information.

14. This is where you enter bibliographic information. There are help boxes that appear to guide you with APA (or MLA) citation rules. There is also a quick guide to double check your entry. \*\*Remember: the citation tool is helpful, but doesn't fix entry errors!!
